SMFFTI v0.53 - Release Notes

April 1, 2025

1. SmfftiWin: Added commands Monophonic Percussive Clip (mpc) and Drum Fill Clip (dfc).

2. The smffti_init.cmd file generated from the Wizard now includes a convenient 'go' doskey variable to launch SmfftiWin.

3. Bug fix: rfgg (Random Funk Guitar Groove) quits faster if silly +RFGGNoteLenBias settings are specified, ie. it doesn't hang so long.
